Back then, it would be unfathomable to imagine someone messing it up. "Rock me gently. You might be unaware of the fact that Odissi music is a kind of Odramagadhi music and hence, is not a part of Hindustani music. More importantly, it set Lionel Richie up as a true star (and foreshadowed his amazing solo run in the 1980s). Sure, the lyrics are
kind of meh ("Whether you're a brother or whether you're a mother, you're stayin' alive, stayin'
1Believe it or not, Cher was one of the most successful storytellers of the 1970s. Yet, he sings the song like he's going through a breakup himself (he wasn't, at least, not at that moment). Gordy wanted to make sure he had another smash on his hands for the young group. 11, 1971Weeks on top: 3The original version of the Gerry Goffin and Carole
King penned "Go Away Little Girl" was recorded by an adult Steve Lawrence in 1962. The Rolling Stones - "Angie" Date: Oct. In the context of the disco age of the 1970s, nothing feels as all consuming and mesmerizing. Whether you were a fan or not, K.C. and his band were on a heck of a run.112. What makes Ronstadt's version the definitive one is
that it does away with the overpowering instrumentation of other versions. The cover was initially given to Diana Ross as her follow-up to "Love Hangover." You can feel the similarities. 10, 1979Weeks on top: 1"Heartache Tonight" feels like the moment the Eagles jumped the shark. Even if you find the song sonically interesting, the high-pitched
Starting with "Stayin' Alive" hitting No. 1 on Feb. Still, K.C. and the boys could play. 18, 1973Weeks on top: 2"That's The Way (I Like It)" starts with a great chorus and then essentially goes blank with verses overshadowed by horns
until that chorus comes in again. Something hip hop producer Boi-1da recognized when he sampled it for the intro of megastar Drake's 2010 breakthrough hit "Best I Ever Had." Whereas Drake would capitalize on that with a sensational hook, Hamilton, Joe Frank & Reynolds' "Fallin' in Love" fails to go anywhere special.175. The Steve Miller Band
"The Joker"Date: Jan. Though, Springsteen was not a fan.84. 10, 1979Weeks on top: 4If you're going to title a song "Da Ya Think I'm Sexy?" you better make sure the answer is yes. It can be easy to dismiss such optimism. Rose Royce - "Car Wash"Date: Jan. Odissi music is very charming and colourful and holds a history of more than two thousand five
hundred years old. But that didn't stop the band from dressing it up as something inviting. But Vicki Lawrence will, at the very least, always have a song title that makes you search for a backstory on Google.211. The Jackson 5 - "ABC" Date: April 25, 1970Weeks on top: 2If "ABC" sounds a lot like its predecessor "I Want You Back," that was the
intention. But he had the voice to conquer all. First, with "Gypsys, Tramps and Thieves," then with "Half-Breed" and finally with "Dark Lady." There isn't much that differentiates those songs. 7, 1974Weeks on top: 2As a disco song about a Chinatown rumble, Carl Douglas' "Kung Fu Fighting" is rather crazy even for a novelty song. Ilayaraja Best 80's
Hits is a Tamil compilation album released on . The song's instrumentation is a subtle soul suite. It's almost too easy to place it dead last on this list. But it's hard to listen to a song like "One Bad Apple" and not think it's a copycat performance (The song was supposedly offered to The Jackson 5 first, but they chose "ABC" instead). The two songs
couldn't be more different. Simmons would round out the song on a trip to New Orleans, giving the song its nostalgic, Delta-blues and roots music influence. But it's true. The authenticity of "Half Breed" is unfortunately underscored by Native American chants and Cher's over-singing. But none of those versions sounds like Roberta Flack's 1972 epic.
He called in saxophonist Tom Scott to improvise throughout the song. Randy Meisner's high-pitched vocal, which makes a play for soul, helps matters. It was the longest-running song in the history of the Billboard Hot 100 up until that point (besting Elvis' double A-side "Don't Be Cruel/Hound Dog"). He must have thought it was touching when it
really makes you seem like a jerk.229. But Barry White had a voice that was a force of nature. 3, 1973Weeks on top: 3There is a certain joy to Elton John's first No. 1 hit that's hard to deny. The chorus is pandering on the highest level. He was just about making great music and the masterful "Superstition" marked a key moment in one of the greatest
creative periods for any artist in music history.3. Fleetwood Mac - "Dreams" Date: June 18, 1977Weeks on top: 1The drama that began with 1977's "Rumours" never ends, does it? And the music is unapologetically exuberant. The song lasts just four minutes, but it could easily go on for days without anyone minding.54. On "Let's Stay Together" he
embraces every syllable. It's beefed up glam-rock that sounds cheap and underwhelming.172. But it's also not great in any way whatsoever. The music for the song "Let's Get It On" came from a spiritual song written by Ed Townsend. Ray Stevens - "Everything Is Beautiful"Date: May 30, 1970Weeks on top: 2As this list shows, a lot of early 1970s soft
rock songs haven't aged well. Slowed down and in the hands of someone like Teddy Pendergrass, "Kiss You All Over" might have worked. Of course, once you soak it all in, it's clear just how awesome the song is.18. But Helen Reddy was ahead of her time. Smokey Robinson & The Miracles - "The Tears of a Clown" Date: Dec. The combination of
Mathis & Deniece Williams' voices is nice. But it's a song that took off at the genre's rise and tranquility within you. The band takes it from an alluring tune to an annoying fist-pumper.203. Cher
"Half-Breed"Date: Oct. Green had a way of holding on to notes at just the right time. Bernard Edwards and Nile Rodgers wrote it in response to being denied entry to Studio 54 (the original title was "F*** Off!"). 15, 1973Weeks on top: 1"Delta Dawn" is an all-time great country song. "Shining Star" is packed with funk guitars, amazing percussion, a
barrage of brass and woodwind instruments and one of the catchiest hooks Earth, Wind & Fire ever crafted.43. Nicks wrote Fleetwood Mac had to be convinced to even record it. There's an all-star cast playing on the track, including Ringo Starr, Billy Preston, Eric Clapton
and members of Badfinger. Mac Davis - "Baby Don't Get Hooked on Me"Date: Sept. In that sense, it's far more interesting (and, again, terrifying) than just about any folk song from the decade.90. Instead, "Go Away Little Girl" sounds like something that might earn you top-10 at a junior high school talent show.244. 8, 1973Weeks on top: 2Marvin
Gaye had done socially charged music with "What's Going On" and the soundtrack to "Trouble Man." Yet, Gaye entered the recording sessions for his thirteenth studio album with writer's block. Here, he sounds completely bored.241. "Pop Muzik" would be tied to its clever music video as well, making it even more groundbreaking. But everything
about "We're an American Band" is tightly wound, produced in a precise fashion to conquer mainstream radio.94. But he sings "Three Times a Lady," a lame song, about as well as you can. The song comes loaded with various street sounds that could have come across as corny. Apparently, by making The Temptations angry, Whitfield brought the
best out of them.7. Chic - "Good Times" Date: Aug. Though, it's also likely the song was aided in its push to No. 1 given The Bee Gees' amazing hot streak. Cissy Houston later covered it under the title "Midnite Train to Georgia." Gladys Knight & The Pips followed suit and gave it an even more soulful and timeless jolt.21. It's hook after hook after
hook. "Lean on Me" has been covered so many times (often in cheesy fashion), that the thought of it is enough to make you cringe. "Shaft" becomes an iconic film within its first three minutes because of Hayes' funk masterpiece that in many ways foreshadowed disco for its use of instruments like a flute and viola. But that's what likely pushed it to the
top. Co-written with George Harrison, the song combines formulas from two different chapters of the Beatles. Tony Orlando & Dawn - "Tie a Yellow Ribbon Round the Ole Oak Tree" to work as a song despite its elementary hook about a ribbon
and a tree. 9, 1974Weeks on top: 17he instrumental "Love's Theme" shows off Barry White's ability as a composer. Not everything under Cetera's leadership was bad. B.J. Thomas - "(Hey Won't You Play) Another Somebody Done Someb
Wrong Song" is a somewhat forgettable song about sad songs, which makes it fit well in the country genre. As you can feel the brilliance of it all as
the song builds into a spiritual force that felt unparalleled. It's a bit odd to think the song was associated with such a cool film as "Butch Cassidy and the Sundance Kid." 209. Newton-John delivers a great vocal on a song that's otherwise mundane with its string and piano arrangements. 155. Sona Mohapatra, Ananya Sritam Nanda, Sniti Mishra, Rituraj
Mohanty, Krishna Beura are to name a few. But it's simply hard to beat Mathis' original even though Wilson gives it as much as he can on the powerful chorus.161. It might have been Sylvester Stallone running up those steps in Philadelphia, but it wouldn't have meant as much without Conti's soaring score.76. "Maggie May" is based on the true story
of Stewart losing his virginity to an older woman at a music festival. He wrote the song for "Greetings from Asbury Park, N.J." while reading a rhyming dictionary. 14, 1972Weeks on top: 4"My Sweet Lord" will probably

Hall & Oates would release more vital hits in the 1980s. 4, 1978Weeks on top: 4"Stayin' Alive" is iconic on multiple levels. It was produced by Freddie Perren, formerly a member of The Corporation, the team that helmed Michael and company's early

"One Bad Apple" is a good pop song. 22, 1979 Weeks on top: 3The final No. 1 song of the 1980s also stretched its run into the 1980s. Loudermilk and most of them were

feeling of a guy who just missed having a friend.40. Even as Simon & Garfunkel's partnership was coming to an end at the start of the 1970s, the duo was proving why it was such a strong team in the first place. Chrysalis 5. "Oh Girl" is much slower with the signature instrument being a harmonica. He plays the bulk of instruments on the song,
including synthesizer, electric piano, saxophone, timbales. But there was something catchy about the hook: "Blinded by the light, cut loose like a deuce, another runner in the night," which is surely what Manfred Mann's Earth Band latched onto in covering it. It demands it. Bhubaneswar, Jan 20: A new Odia music album titled 'Balighara' was released

But "Uncle Albert/Admiral Halsey" sounds like one of those weird, yet exceptional Beatles songs from the group's most creative period. It was the first song to hit the No. 1

She even incorporates her signature spoken word charm, which seems all the brighter following her turn as an acting star in "Lady Sings the Blues." 159. She comes across as a Karen Carpenter copy without the pleasant charm to lure
you in.218. His version relies more on its instrumentation and great guitar playing. 6, 1979Weeks on top: 1If you look at the other No. 1 hits of 1979, Robert John's "Sad Eyes" is kind of a buzzkill (it followed "My Sharona" on the charts and came just before "Don't Stop 'Til You Get Enough"). Opening lyrics don't get much more iconic than "Jeremiah
was a bullfrog..." even if it's all downhill from there.173. Everyone involved with "Mandy" clearly knew how to craft a hit. But it didn't start that way. Through call and response, she promises to take the listener to heaven. Rhythm Heritage - "Theme from S.W.A.T."Date: Feb. But it doesn't take away from the hokey arrangement that bogs down the
original version. All of Michael Jackson's career can be hard to access given the sexual abuse allegations that followed him around. ABBA - "Dancing Queen"Date: April 9, 1977Weeks on top: 1"The Joker" was a lot of people's introduction to Steve Miller, despite the fact he'd been around
as a great blues-rock musician for quite some time. But why? It's actually about the Civil War. 19, 1977Weeks on top: 1"Blinded by the Light" was not one of Bruce Springsteen's finest songwriting achievements. And yet, producer Giorgio Moroder felt the high notes were perfect for Donna Summer. All you have to do is check out the intro to "Get

The Miracles - "Love Machine (Part 1)" Date: March 6, 1976Weeks on top: 1Smokey Robinson was long gone by the time The Miracles released their 1976 album "City of Angels." Billy Griffin was now the lead singer and one
could argue his voice served the group better for the times. Structure-wise, Harrison and producer Phil Spector were biting the Chiffons. Odds are jazz history wasn't on mainstream music fans' minds in the 1970s. Ultimately, Andy Kim's attempt at being suave morphs into something desperate and corny.213. But John does sing backup on a song
that's essentially imitating him, giving it the star power it needed to go to No. 1.183. Flack and producer Joel Dorn slowed it down to a crawl. Grand Funk - "We're an American Band"Date: Sept. "Gypsies, Tramps & Thieves," a dark tale about a girl who was "born in the wagon of a traveling show" did the trick, racing to No. 1 and presenting Cher to a
more mature audience. America - "Sister Golden Hair." But the song sounds forced. Olivia Newton-John - "I Honestly Love You"Date: Oct. You keep waiting for it to go somewhere interesting but it never obliges. The song became
Garfunkel's defining moment, one of the signature vocals in music history. But Eddie Kendricks' falsetto was still a serious weapon. 11, 1978Weeks on top: 3Written by Jimmy Webb and originally recorded by Richard Harris, "MacArthur Park" immediately stood out for its over-the-top arrangement and odd lyrics. The Staple Singers - "I'll Take You

Released on Stax Records, The Staple Singers' biggest hit features a masterful performance by the Muscle Shoals Rhythm Section. Flack's voice is beautiful. 30, 1975Weeks on top: 1Both K.C. and the Sunshine Band's name and vibe work against the group from a historical standpoint. "Best of My Love" is a slow-burner, almost too slow. LaBelle - "Lady
Marmalade"Date: March 29, 1975Weeks on top: 1A generation of music listeners remembers "Lady Marmalade" as a 21st-century all-star anthem featuring four massive female pop stars. But "If You Leave Me Now" is too depressing, even for a soft rock song. George McCrae's
 "Rock Your Baby" was written and produced by Harry Wayne Casey and Richard Finch of future disco kings KC and the Sunshine Band. "Whatever Gets You Thru the Night" isn't among the best songs of Lennon's solo career. 21, 1974Weeks on top: 1A declaration of love so sincere it turns into parody in the hands of anyone else. The song would
inspire the change in the name of "Saturday Night Fever," which was originally called just "Saturday Night."57. It wouldn't be hard to imagine the song (with better production) coming out of Motown during the 1960s. The intro and its driving bassline are reminiscent of Hall & Oates. A Taste of Honey - "Boogie Oogie Oogie Oogie Oogie Oogie" Date: Sept. Though it's
rooted in country, "Let Your Love Flow" (as the title suggests) is a feel-good pop song that very much fell in line with the kinds of music the Eagles were ruling the charts with around the same time.133. Fortunately, the song's structure is so good it was impossible to turn it into a complete disaster.204. Bee Gees - "How Deep Is Your Love" Date: Dec
Donny Osmond steals the show on the hook. Bay City Rollers - "Saturday Night" Date: Jan. The song has been released by Prelude Production, the lyrics of 'Balighara' has been written by veteran lyricist Satchi Mohanty and the songs are composed by an emerging music director Sanjay Pattnaik. Denver did not write "Thank God I'm a Country Boy" (that honor goes to backing band member John Martin Sommers). 18, 1979Weeks on top: 1Chic's "Good Times" spent just one week at No. 1 on the Billboard Hot 100 (considerably less time than the group's other big hit "Le Freak"). And its quality is clear right from the opening licks. Cher

Tony Orlando & Dawn - "He Don't Love You (Like I Love You)"Date: May 3, 1975Weeks on top: 3This feature takes more digs at Tony Orlando & Dawn than any
other hitmaking act of the 1970s. The group's other signature hit "Have You Seen Her" comes with funky production. Al Green would cover the song on his "Let's Stay Together" album, turning it into an emotional powerhouse that makes the Bee Gees' version pale in comparison.171. "The Hustle" helped pave the way for any artist that was willing, to
ride disco's beats, syncopated basslines and strings to the top of the charts.143. 14, 1974Weeks on top: 1It's hard to examine some of Eric Clapton's work given some of the things he's said over the years that have entered the modern spotlight, including racist remarks in 1976. And when it comes to disco, no song comes to mind faster, which is wild
considering the "Saturday Night Fever" soundtrack arrived just a year and a half before the infamous Disco Demolition Night. 28, 1976Weeks on top: 1"Mandy" starts slow and builds into something grander and relentless with its orchestral strings. They each

cover of a Bee Gees song). Three Dog Night - "Mama Told Me (Not To Come)" is a rather humorous song about a sheltered young man attending his first party in Los Angeles. Bee Gees - "How Can You Mend a Broken Heart" Date: Aug.
America attempted to write a Jackson Browne tune. Sly & The Family Affair"Date: Dec. "Let's Get It On" is baby-making music. Yes, only Donna Summer could pull this off. But rather our own thoughts on the quality of the tunes. But at a time when the genre had plenty of fast-paced anthems, "Disco Lady" became the ultimate
dancefloor pickup song.130. But "Rich Girl" was a good start.120. What's more impressive is that neither song is all that impressive. Enter "Car Wash," the film Whitfield was commissioned to provide the soundtrack for. The song she chose was a cover of a Lori Lieberman song titled "Killing Me Softly with His Song" Flack had yet to record. Harrysteen to record. Harrysteen to record.

By the 1970s, no one expected to hear much from the group again. But Browne had better instincts than to write a story that, without an actual Sister
Golden Hair, feels anti-climactic.197. Al Green - "Let's Stay Together" Date: Feb. But Exile's Jimmy Stokley and J.P. Pennington don't have the sexiness in their voices to pull it off.227. The track is actually about child prostitution, giving more weight to a tune that could have coasted on its already fantastic melody. 4, 1973Weeks on top: 2Maureen

The disco backlash was about to hit and while Herb Alpert's instrumental was rooted in the genre, it had credibility with its jazz leanings. The Rolling Stones - "Miss You" Date: Aug. But even with the song clocking in at under three minutes, it gets tiring. The song was

But the producer's overwhelming strings don't quite suit "The Long and Winding Road," a melancholy song performed beautifully by McCartney, in the least.134. But "I'm Sorry" marked the end. And nearly two minutes in it transforms into the kind of disco song Summer had mastered. 132. Kendricks and producer Frank Wilson wanted to make Kendricks' a
mainstay on dancefloors and finally struck gold with "Keep on Truckin.'" The song is a pretty straightforward funk tune. But producer Richard Perry pumped some serious rock and roll into it (including Mick Jagger singing backup). The song was written for the 1972 disaster film "The Poseidon Adventure." So, it's essentially the 1970s version of "I
Don't Want to Miss a Thing," only far more literal and self-aggrandizing, if that's possible.234. But the song's chorus has held up to make it an essential part of 1970s mixtapes. "Good Times" is essentially just one long groove. Mary MacGregor's "Torn Between Two Lovers" certainly fit the bill. The members

You can feel all that work both in McDonald's amazing vocal and the song's

John had an advantage in knowing that "Whatever Gets You Thru the Night" was the kind of playful pop song his fans had been eating up in the 1970s. And yet, it's hard to take anything away from just how great "My Sweet Lord" still is. The arrangement also allowed Moroder room to pump every electronic sound he could dream of. It's downright creepy.
The song finds Simon in humorous storyteller mode. It's easy to imagine every rock and roll artist wishing they'd written "Black Water." It finds Mick Jagger conjuring up thoughts of slavery and sex. The Crytal's "Da Doo Ron Ron" is one of the signature songs to come out of Phil Spector's 1960s run. Compelling, but

Could a guy singing so softly before telling a woman "I like to make it with you" be any less desirable?228. But it makes for one heck of a

The band's brand of arena rock (well, soft arena rock)

the way 167. But it's also the kind of hit that secures your place in pop culture history. The lyrics to "MacArthur Park" are still head-scratching. And yet, McCartney can't help but sing it with a sense of exuberance. When paired with the right song (See: "Inside My Love" or "Here We Go") it became quality baby-making music. Ammi Stewart's version
is an empty disco makeover. 22, 1977Weeks on top: 1"I Wish" starts with a relatable feeling. It's a bit stunning that such a song, which sounds like a slow-moving jazz record, stood at No. 1 for six weeks. It was enough to make even Tony Soprano lose it.79. Partridge Family starring Shirley Jones & feat. Lovett originally saw the song as a country
anthem, given the rise in popularity of the genre at the time. 15, 1977Weeks on top: 1The most disappointing thing about "You Make Me Feel Like Dancing" is that it doesn't make anyone feel like dancing. "Midnight Train to Georgia" began as a song called "Midnight Plane to Houston" written and recorded by Jim Weatherly. Ray Stevens - "The
Streak"Date: May 18, 1974Weeks on top: 3Ray Stevens' "The Streak" was a movelty song created to capitalize on the fad of streaking in the 1970s. White was a master at more than just having a deep voice.101. 20, 1971Weeks on top: 2Quentin Tarantino once gave an interview criticizing "Shaft" director Gordon Parks' use of Isaac Hayes' epic theme
Manilow gives the song his all and is aided by a "worldwide symphony" that comes in during the final third. But what white guy is going to hear the song about a futuristic rock band made up of androids that serve as a critique of the
1970s music industry. But Streisand is so overpowering, it blows Diamond out of the water. 245. The Honey Cone - "Want Ads" Date: June 12, 1971Weeks on top: 1Melody-wise, "Want Ads" feels like a winner. And as a singer, Simon never lets the narrator seem like the guy she is writing about is getting under her skin. Exile - "Kiss You All Over" Date:
Sept. Diana Ross - "Theme from Mahogany (Do You Know Where You're Going To)"Date: Jan. What The Carpenters did to such a classic in 1975 wasn't right. But Andy Gibb showed serious promise at just the right time.119. A lawsuit would finally be resolved in the 1990s and Harrison had to pay up. Beneath the surface, it's absolutely terrifying. It
was a time when power-pop and new wave first made commercial splashes. You'll hear this again lower on this list): Karen Carpenter has a way of saving a song. Henley sings with passion and swagger, while new member Joe Walsh injected a blues feel into the group. 10, 1973Weeks on top: 2"Keep on Truckin'" isn't the kind of song you'd expect from
Eddie Kendricks' solo career. The song is a catchy mix of funk and disco, even if it doesn't reach the heights of Whitfield's work with Motown.124. Michael Jackson - "Ben"Date: Oct. That wasn't on Wonder's mind back in the 1970s. Stepping away from that, it's clear in a song like "Ben" that Jackson as a teenager was a better singer than 90% of pop
artists are as full-grown adults.108. Leo Sayer's hit is a well-produced disco song, which was enough to earn a one-week hit in 1977. But, like most Wonder songs, there's more to it. 8, 1977Weeks on top: 2It seemed like the Bee Gees were destined to
become prolific hitmakers after topping the charts with 1971's "How Can You Mend a Broken Heart." But it would take four more years and then move to disco to make it happen. Heck, the single version of "Don't Stop 'Til You Get Enough" stretches to nearly six minutes and you still don't want it to end. McLean uses all that time to create a cast of
characters and stories that can be hard to keep track of. The lyrics to "Can't Get Enough of Your Love, Babe" lyrics feel like a sultry stream of consciousness in the way they melt you. 73. Edgar Winter's genius. Pieced together from various longer
versions, its unique sound was still enough to catch on as one of the more surprising (and fun) No. 1 hits on this list.117. "I Can See Clearly Now" is a song about overcoming a rough patch and Nash makes it feel genuine.109. It's loud and catchy with verses that can barely contain themselves. Anita Ward - "Ring My Bell" Date: June 30, 1979 Weeks on
top: 2"Ring My Bell" has just the right amount of cowbell. The formula for greatness was there. John Denver - "I'm Sorry"Date: Sept. B.J. Thomas' storytelling comes with conviction and that touch of twang gives it a sense of authenticity.146. Young himself also developed a disdain for "Heart of Gold" and its commercial success. Neither Warwick nor
The Spinners' singer Bobby Smith delivers an earth-shattering vocal. But it's a rare treat to have two of the best artists of all time on a major pop hit.164. Still, it's hard to know what "Tragedy" is supposed to be. That's an impressive feat in any decade.158. It highlights everything mundane about adult contemporary music.236. And yet, it feels like a
tone-deaf anthem. Even with the song sharing the same obvious influences as disco, it took the industry a while to catch on to "A Fifth of Beethoven." But it eventually became a major hit and was added to the "Saturday Night Fever" soundtrack.78. Debby Boone - "You Light Up My Life"Date: Oct. It sounds like ABBA on steroids...not in a good way.
24, 1973Weeks on top: 1"Photograph" might be the most exceptional thing to come out of Ringo Starr's solo career. There's hope mixed in, but it's ultimately a brutal dissection of relationship structures. Few artists could pull off something so overly tender and orchestral. Two months!? Olivia Newton-John - "Have You Never Been Mellow" Date:
March 8, 1975Weeks on top: 1Songs, let alone No. 1 hits, from the 1970s don't get much more boring than "Have You Never Been Mellow," Sure, there's something blissful about Olivia Newton-John's voice (It was her second consecutive No. 1 hit), Andy Kim - "Rock Me Gently" Date: Sept. top: 7"Shadow Dancing" was co-written by the Bee Gees and features the group on backing vocals. Its slow pace can be unbearable at times. Russell Brown and Irwin Levine's attempt to capture the magic of the Drifters' classic "Up on the Roof." But the Drifters' classic "Up on the Roof." But the Drifters (or few other acts) ever dabbled in something this corny. But Looking Glass still goes for
broke on the chorus. Williams originally wrote "Let Your Love Flow" for Neil Diamond after serving as a roadie in the star's live shows. But this is a very different (and slightly lesser) version of one of Motown's signature songs. This consists of singing words in a fast beat. To say it means a lot to a lot of people would be an understatement.99. The
Rolling Stones - "Brown Sugar" Date: May 29, 1971Weeks on top: 2"Brown Sugar" is problematic. Paul Anka feat. During the first verse, you get the sense McCartney is going into full satire mode in a critique of love songs. But it's also yet another showcase of Gaye's genius. Johnny Nash - "I Can See Clearly Now"Date: Nov. 5, 1974Weeks on top: 2Jeff
Barry, co-writer of "I Honestly Love You," penned some of the best songs of the 1960s, including The Ronettes' "Be My Baby." He brought that same simple pop-sensibility to Olivia Newton-John's 1974 hit. 2, 1974Weeks on top: 11nspired by Marvin Gaye's "What's Going On," Stevie Wonder became more socially conscious in the 1970s. But it did two
years later in the hands of Thelma Houston. Ohio Players - "Fire" Date: Feb. 21, 1972Weeks on top: 2Normally, it would be sacrilege to speak poorly of any song by an artist as revered as rock and roll pioneer Chuck Berry. As the lyrics are worse and
the upbeat feel accompanied pushed on you by a narrator who is dying is annoying. But even that can't take away from the strength of Kenny Gamble and Leon Huff's breezy production.115. Board of Education decision. Preston works a small miracle in taking a song that sounds like it belongs in a Western saloon and making it a modern pop hit.162.
As she's known to do, Barbra Streisand milks every note of "Evergreen" for all its worth. But it might as well have been. But singers like Anne Murray knew how to make you believe in such a song's heartfelt sentiment. Gordon Lightfoot sounds numb as he combines obsession with looming rage as he thinks about a woman out with her friends who
may be doing her wrong. Glen Campbell - "Rhinestone Cowboy" Date: Sept. The group had Patti LaBelle. But it will never overcome the fact takes John Williams' iconic them and turns them into a cheap parlor trick. 207. 1, 1975 Weeks on top: 11t's hard to knock the melody of "Laughter in the Rain." Neil Sedaka hits on something, primarily in the
song's chorus. DIs and fans knew better. There's nothing beneath the surface of "Song Sung Blue" other than it's a somewhat uplifting song about sad songs.195. Bee Gees - "Night Fever" Date: March 18, 1978Weeks on top: 8Much is written in this list about the Bee Gees' hot streak in the 1970s. "When you believe in things that you don't
understand, then you suffer / Superstition ain't the way" is a message that still resonates today during the coronavirus pandemic and the debate over vaccines. Paper Lace - "The Night Chicago Died"Date: Aug. The main attribute of Odia songs which makes it different from other forms is the Padi. Paul & Linda McCartney - "Uncle Albert/Admiral
Halsey"Date: Sept. No matter where it played in "Shaft," Hayes' track was going to be a bad mother...shut your mouth!16. 9, 1974Weeks on top: 1"I Am Woman" doesn't necessarily sound like a scathing anthem of female empowerment by today's standards. It just...is.185. Gordon Lightfoot - "Sundown"Date: June 29, 1974Weeks on top: 10n its
surface, "Sundown" is a basic folk song with a great hook. It's not much of a love story. 4, 1976Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working their way to dancefloor supremacy on 1976's "Children of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working the supremacy of the World" and they knew it. 4, 1971Weeks on top: 1The Bee Gees were working the supremacy of the World" and the world was a supremacy of the world with the world was a supremacy of the world 
Tucker's 1972 version is better thanks to Tucker putting her powerful voice front and center. 28, 1974Weeks on top: 1There isn't much that separates "Angie Baby" from other soft rock songs of the 1970s, including Helen Reddy's other hits. The funny part was, no one cared. But on "Hot Stuff," she's the one overshadowing him.42. Jagger has openly
admitted he wouldn't have written the song today. 2, 1975Weeks on top: 1"One of These Nights," the title track to Eagles' fourth studio album, contains a groove that would push listeners to the dancefloor. Miller is having a ton of fun on "The Joker," referencing a bunch of lyrics from different songs, knowing he has a masterful groove to work
with.59. Paul McCartney & Wings - "Band on the Run" Date: June 8, 1974Weeks on top: 1"Band on the Run" is the song that solidified Paul McCartney's post-Beatles career by tapping into his past with the Fab Four. 1, 1975Weeks on top: 3It's important to note just how powerful Elton John was in the 1970s. It's easy to justify, however. But the song
was too country for Diamond. 14, 1970Weeks on top: 2Released alongside "Everybody Is a Star," "Thank You (Falettinme Be Mice Elf Agin)" is a song that feels burdensome if you pay attention to the lyrics. Yet, without Marley's conviction, this is just annoyingly soft rock.221. Bob Dylan would later say he hated the song because it sounded too much
like him. And yet, there's no denying the hook. You even get a nice saxophone solo from Bobby Keys, which never hurts.145. His sensuality consumes you like a teddy bear hugging you. Go figure 210. 28, 1974Weeks on top: 1The main problem with "Rock Me Gently," other than it's boring, is the premise. The Motown writing team of Norman
Whitfield and Barrett Strong was pushing the group into more complex territory. New York band Stories' take on the song rocks a bit harder. This wasn't the upbeat pop that poured seamlessly out of Motown like "ABC" and "I Want You Back." "I'll Be There" finds Michael and brother Jermaine trading parts. Mac Davis' country-pop "Baby Don't Get
Hooked on Me" finds him telling a girl to keep things casual because he doesn't want to leave Me This Way" was originally released by Harold Melvin & the Blue Notes in 1975. But he's still almost required to perform it Stones
show because, well, "Brown Sugar" is more than just a great rock song. It's was a showcase of serious swagger. 39. 9, 1974Weeks on top: 1"You Ain't Seen Nothing original about it. Bob Gaudio truly stepped up his game production-wise, adding the disco elements that would give
the group a modern touch to go along with their amazing vocals.83. James Taylor's version isn't as emotionally impactful. John Sebastian - "Welcome Back, Kotter" that sounded like a Lovin' Spoonful song. Eddie
Kendricks - "Keep on Truckin'"Date: Nov. The centerpiece is, perhaps, the greatest bassline in music history and a young Michael Jackson (he was about to turn 11 years old) delivering a vocal far beyond his years. But, aside from disco becoming a craze, "Disco Duck (Part I)" is void of anything meaningful. 22, 1970Weeks on top: 1"Make It with You'
isn't so much a song as it is a corny pick-up line. But it can also be sort of annoying. Diana Ross - "Touch Me in the Morning"Date: Aug. It's the only way to explain mustering up enough courage to go for it. The Manhattan's sexy,
1976 R&B tune without Winfred Lovett's bass vocal intro. His performance lacks any sense of raw emotion. Odia Coates - "(You're) Having My Baby"Date: Aug. Ringo Starr - "Photograph"Date: Nov. Props to Dees for capitalizing on the moment and being self-aware ("Cast of Idiots"). Then came Shaun Cassidy.246. But didn't hurt "Love Rollercoaster"
on the charts.129. And while the opening feels like one heck of a declaration of love, the song tires out long before its conclusion.219. The Staple Singers - "Let's Do It Again" Date: Dec. Of course, the thing people remember is "the day the music died," referring to the 1959 plane crash that killed Buddy Holly,
The Big Bopper, and Ritchie Valens. The result is an awkward ballad whose chorus lulls you to sleep before its highlight, which is Henry McCullough's standout guitar solo.192. 15, 1977Weeks on top: 10Debby Boone's "You Light Up My Life" wasn't just the longest-running No. 1 hit of the 1970s. But Simon made the right decision. The husband and
```

wife duo's "You Don't Have to Be a Star" isn't too far off the sound that put The 5th Dimension on the map, taking the group's eclectic sound and morphing it into a breezy, if unexceptional disco tune.178. 2, 1974Weeks on top: 3Everyone involved with "The Way We Were" knew their role. Is the song about the afterlife or, as Don Henley would state in an interview, "the dark underbelly of the American dream?" No matter. 6, 1971Weeks on top: 2The entire point of "Gypsies, Tramps & Thieves" was to redefine Cher. But MacGregor's vocal never rises to the occasion. 27, 1975Weeks on top: 1"I'm Sorry" is an overly melancholy tune about a guy feeling sorry for himself after a breakup. Meco's "Star Wars" and disco mashup was a hit. 4, 1972Weeks on top: 4There are elements to "I Can See Clearly Now" that separate it from run-of-the-mill, feel-good songs. Romance was never Mick Jagger's lyrical strong suit and his voice certainly doesn't help. Balasubramaniam, Janaki, Jency, Susheela, Malaysia Vasudevan, SP. 25, 1975Weeks on top: 1The Marvelettes' version of "Please Mr. Postman" has the distinction of being the first No. 1 single in Motown's history. Billy Paul - "Me and Mrs. Neil Diamond - "Song Sung Blue" Date: July 1, 1972Weeks on top: 1"Song Sung Blue," which is based on the second movement of Mozart's Piano Concerto #21, is a great arrangement that goes nowhere. If you do read Buckingham's feud with Nicks, you might get the impression he's a bit jealous of her star power. 4, 1975Weeks on top: 2Generally, you have to be over the moon in love with a Beatles song to cover it. But it ended up serving as the centerpiece of his demo. Paul McCartney & Wings - "My Love" Date: June 2, 1973Weeks on top: 4"My Love" starts okay. The group changed up the lyrics on the chorus and gave the song a progressive rock feel. But Van McCoy & The Soul City Symphony's dance song marks the moment when the genre became a true driving musical force during the second half of the 1970s. It's not the most sophisticated moniker. Of course, if we refused to enjoy everything Dylan and Young disliked, life probably wouldn't be all that fun.19. It's a real downer. But there's much more to Nick Gilder's hit. If you are looking out to listen to some good regional songs, you must consider giving Odia songs a chance. Barbra Streisand & Neil Diamond - "You Don't Bring Me Flowers"Date: Dec. It's likable (especially its guitar line). That was the inspiration for "Lean on Me," one of the most universal, uplifting anthems ever put to record. But also, who can resist such an amazing guitar riff?55. But the Bay City Rollers had something few people did at the time - that chant: "S-A-T-U-R-D-A-Y." You know the song's special right from the start. United Artists 100. But from a feel standpoint, Harrison was inspired by something not of this world.17. Their calmness gives you relaxation from the everyday rush that you go through. Riperton sounds more like Olivia Newton-John with a high-pitched note at the track's center that's so annoving, it will make you rip your headphones off.214. All you have to do is read the recent shots Lindsey Buckingham took at his ex, Stevie Nicks, following his ousting from the group. But Denver's words come across as heartfelt.151. But Parks probably knew what we all realized pretty fast. The O'Jays have better songs than "Love Train." But it remains their biggest hit. And she pretty much gets you there.28. It's a reggae track, which gives it a bounce, loaded with soul thanks to Johnny Nash's convincing vocal. The song soars on Mavis Staples' charismatic performance. Though, people suffering through the Vietnam War and Civil Rights Movement might have begged to differ.232. Ollywood or the Odia film industry is famous in the region for producing good films.
